

**Environmental Project Manager
Environmental Firm in Austin**

Baer Engineering and Environmental Consulting, Inc. is looking for an experienced Environmental Project Manager to join our team.

We are a problem-solving company dedicated to excellence and committed to client satisfaction. We have an interdisciplinary team of engineers, geologists, biologists, botanists, archaeologists, environmental and health scientists, and industrial hygienists. We work on a wide range of project types including but not limited to assessing environmental impacts of proposed design projects, stormwater and wastewater management, sustainable design, subsurface investigations, and industrial hygiene. Our major clients include local industry, contractors, City of Austin, and U.S. Army Corps of Engineers.

Typical responsibilities include, but are not limited to:

- Manage environmental projects ranging from Phase I/II Environmental Site Assessments to NEPA documentation, including study/project design, scheduling to meet deadline goals, allocating resources, collecting data, writing reports, and communicating with team members and clients.
- Assist clients on the interpretation of current municipal, state, and federal regulations.
- Prepare permitting application packages with local, state, and federal agencies.
- Research local, state, and federal regulations to assist clients with environmental permitting requirements and write reports pertaining to a variety of environmental services.
- Coordinate with USACE, USFWS, TCEQ, TPWD, TxDOT, and city and county authorities.
- Strive to build long-term and effective relationships with clients and the team.

Education/Experience:

* Bachelor's degree (Science, Engineering, Environmental, Health, Forestry, etc.)

* 10 to 15 years of applicable work experience in Texas preferred but not required

Skills and Special Requirements:

* Excellent writing skills. A part of your interview will be to write a short essay on a general topic to be selected at the time of your visit.

* Excellent communication skills and project management skills.

If you are interested in talking to us about possible employment, please send a copy of your resumé and cover letter to:
